

Do you need
help finding an
NHS dentist?

visit:

www.nhs.uk

To find an NHS dentist in your area, go to: www.nhs.uk and search 'dentist' in the search box. Type your postcode in the next box.

The screenshot shows the NHS website navigation bar with links for Health A-Z, Live Well, Mental health, Care and support, Pregnancy, and NHS services. A search bar is located in the top right corner. Below the navigation bar, there is a yellow banner for Coronavirus (COVID-19) with a link to get the latest advice. The main content area is titled 'Find a dentist' and includes a search box with the placeholder text 'Enter a town, city or postcode in England', a green 'Search' button, and a 'Use your location' button. Blue arrows point from the text on the left to the search bar and the search button.

Find another dentist

Is this dentist taking on new NHS patients?

- Accepting children (up to the age of 18)
- Accepting adults (18 and over)
- Accepting adults entitled to free dental care

Last updated: 26 May 2021

Opening times

Each listing will show if the dental practice is accepting new patients. Some practices may not have any information so you'll need to call them to find out.

There are reviews for some practices, too.

For urgent dental care or out of hours care 111 can help you online at 111.nhs.uk or call 111
